Grand Executive Report
for
Intellectual Disabilities
December 2012

Hi Everyone

We have 21 of 26 councils that have effective programs to support folks with intellectual disabilities. Everything from the UCT Charities Trust Fund to Special Olympics. As we saw last year our local councils raised approximately \$95,000 and donated approximately 9000 hours to this worthy cause.

I will be contacting the five councils that did not report to encourage them in developing a good local program.

Since our Grand is so spread out, I have left it up to the individual councils to contact their local Mental Health Associations to find out how they can best support this cause.

At the Grand in Sudbury, I will again recognize the council that raises the most dollars and volunteers the most hours with a certificate of merit. This recognition should encourage other councils to increase their efforts.

We are blessed, in our Grand, to have so many councils that work very hard to help those in their local communities with intellectual disabilities. I can't wait to get the year end reports and see all that they have accomplished.

I would like to wish you all a very Merry Christmas and a Happy New Year.

Fraternally

Jack Blenkinsop
